Major Plan of Study

Major in Latino & Latin American Studies
The major in Latino and Latin American Studies consists of a minimum of 37 credit hours of course work. In addition, intermediate proficiency in a language spoken in Latin America, though not a prerequisite for major study, must be demonstrated for completion of the major for students focusing on Latin America, and proficiency in Spanish is strongly suggested for those focusing on Latinos in the U.S.

Minor in Latino Studies
The interdisciplinary minor in Latino Studies advances a critical understanding of Latinos as an integral social and cultural component of the U.S. society and of the American hemisphere. Since it employs interdisciplinary research methods, this minor enhances a variety of majors and fields of study.

Minor in Latin American Studies
The interdisciplinary minor in Latin American Studies offers a basic understanding of the peoples and cultures of Latin America and the Caribbean, their histories and contemporary economic, social, and political problems, and their relations with the United States.
